THEODORE S. SHERMAN.

## TOWN WARRANT.

---

MIDDLESEX, SS.

*To WILLIAM C. NEAL or either of the Constables of the Town of Wayland,*

GREETING : In the name of the Commonwealth of Massachusetts, you are hereby required to notify and warn the inhabitants of the town of Wayland qualified to vote in elections and town affairs, to meet at the Town House, Wayland, on Monday, the 26th day of March, Inst., at 8 o'clock in the forenoon, then and there to act upon the following articles, viz. :

ARTICLE 1. To choose a Moderator to preside in said meeting.

ART. 2. To choose a Town Clerk, Treasurer, Collector of Taxes, Auditor, three Selectmen, three Overseers of the Poor, Treasurer of the Library Funds, and Seven Constables, all of the above for the term of one year; and one School Committee, one Assessor, one Water Commissioner, two Trustees of the Public Library, all for the term of three years; also to vote upon the question, "Shall licenses be granted for the sale of intoxicating liquors in the town of Wayland for the year ensuing?" All of which must be voted for in accordance with Chapter 368 of the Acts of the year 1890, and all names appear upon the official ballot.

ART. 3. To choose all other necessary Town Officers, Agents, and Committees.

ART. 4. To hear reports of Town Officers, Trustees, Agents, and Committees, and act thereon.

ART. 5. To appropriate such sums of money as may be necessary to defray town charges, or other purposes for the

year ensuing, and order the same to be assessed, or do or act.

ART. 6. To provide for the payment of any part of the Town debt, or do or act.

ART. 7. To appropriate the license money on dogs, refunded by the County Treasurer, or do or act.

ART. 8. To authorize the Treasurer to borrow money in anticipation of taxes for the current year, or do or act.

ART. 9. To act upon the Jury List as prepared by the Selectmen.

ART. 10. To authorize the Selectmen to consult counsel on important Town cases.

ART. 11. To see if the Town will accept a gift of money from James Sumner Draper, Esq., for the benefit of the Wayland Public Library, subject to the conditions contained in the "Offer of Gift," or do or act.

ART. 12. To see if the Town will appropriate the sum of nine thousand dollars to build a School House at Wayland Centre in accordance with plans and specifications procured by the Committee, by virtue of the vote of Town, at a meeting held June 24, 1893, or do or act.

ART. 13. To see if the Town will continue the appropriation of five hundred dollars, for rebuilding Stone bridge, so called, for another year, or do or act.

ART. 14. To see if the Town will appoint a committee to apply to the Legislature for authority to refund its debt, or do or act.

ART. 15. To see if the Town will authorize the Selectmen to contract for Electric Lights for two years or more, or do or act.

ART. 16. To see if the Town will authorize its Selectmen to petition the Massachusetts Highway Commission that the Commonwealth should acquire any of its roads as a State highway, or do or act.

ART. 17. To see if the Town will authorize its Selectmen to establish one or more drinking-fountains within the Town, or do or act.

ART. 18. To see if the Town will order and direct the sale of the North and Centre High School buildings. Also order and direct the sale of the Centre Primary School building and land, the Rutter School building and land, and the Thomas School building and land, and that the Treasurer of the Town be authorized and empowered to sign and execute a deed or deeds of said premises to the purchaser or purchasers for and in behalf of the Town, or do or act.

And you are required to serve this warrant by posting up attested copies thereof at each of the post-offices and Town House in said Town, seven days at least before the time appointed for said meeting.

Hereof fail not and make due return of this warrant with your doings thereon, to the Town Clerk, at the time and place appointed for holding said meeting.

Given under our hands this third day of March, in the year of our Lord one thousand eight hundred and ninety-four.

THOMAS W. FROST,  
ISAAC DAMON,  
EDWARD P. BUTLER,  
*Selectmen of Wayland.*

A true copy. Attest :

*Constable.*

ALBION F. PARMENTER.	LUTHER H. SHERMAN.
WILLIAM W. LOVEJOY.	HORATIO G. HAMMOND.
GRANVILLE L. LOKER.	ROSCOE C. DEAN.
JAMES A. DRAPER.	GEORGE B. FOLSOM.
SIDNEY LOKER.	ERNEST F. LAWRENCE.
DELOSS W. MITCHELL.	GEORGE E. SHERMAN.
THEO. L. SAWIN.	THEO. S. SHERMAN.
WILLIAM H. CAMPBELL.	EDGAR B. LOKER.
JOHN E. LINNEHAN.	NAPOLEON PERADEAU.

## SELECTMEN'S REPORT.

---

MARCH 1, 1894.

The Selectmen hereby submit their annual report for the year ending Feb. 28, 1894.

We have appointed the following officers during the year, as required by the Statutes :

*Special Police Officer.*

JOHN LAMARINE.

*Auctioneer.*

GEORGE E. SHERMAN.

*Registration of Voters for Three Years.*

LUTHER H. SHERMAN.

*Forest Fire Wardens.*

RALPH BENT,                      LAWRENCE H. McMANUS.

*Undertakers.*

DAVID P. W. LOKER,              ANDREW S. MORSE.

*Inspector of Cattle and Provisions.*

THOMAS W. FROST.

*Superintendent of Streets.*

THEODORE S. SHERMAN.

*Engineers.*

RALPH BENT,      HENRY B. PHALEN,  
EDWIN W. MARSTON.

## ELECTION OFFICERS.

*Precinct 1.*

*Warden.* — ALBION F. PARMENTER.

*Clerk.* — JAMES A. DRAPER.

*Inspectors.* — MICHAEL W. HYNES,  
THEO. S. SHERMAN,  
PETER ZIMMERMANN,  
WM. H. CAMPBELL.

*Precinct 2.*

*Warden.* — HENRY B. PHALEN.

*Clerk.* — DANIEL D. GRIFFIN.

*Inspectors.* — EDWARD B. SMITH,  
RUSSELL E. FRYE,  
GEORGE A. LEACH,  
LEONARD A. LOKER.

By vote of the Town we have divided the Town into two voting-precincts, and at the State election held Nov. 7, 1893, the voting took place under conditions so favorable to the people that it has given very general satisfaction.

During the year we have settled the suit of *Wayland v. Folsom* by the payment to the Town of \$768.00, which we considered a desirable settlement.

Also the suits of *Heard v. Wayland* and *Egan v. Wayland*. In the settlement of these cases the parties have conveyed to the town two parcels of land between the old and new roads, which will save any future controversy as to the right of the town and abutters. At our request the Boston & Maine Railroad has erected gates at the principal crossings

in town, adding greatly to the safety of travel at these points.

The town of Framingham not making any provision to rebuild Stone bridge, we were unable to carry into effect the vote of the town in reference to this bridge.

The reinsurance of the town hall, library, and school-house, Cochituate, dividing the town into voting-precincts, and the payment of attorney's fees in the settlement of the cases named, has caused a heavy draft on our Incidental Expense account during the year.

During the year there have been destroyed by fire buildings to the value of \$5,920. At Wayland centre there is absolutely no protection against fire. We think something should be done by giving some means to meet this want.

In accordance with the vote of the town we have rebuilt the dry bridge on Sudbury causeway, and rebuilt the bridge on Mill street, using hard-pine lumber and making them more substantial. The Town having elected a Committee on Finance, we make no recommendations for the various town departments, as those matters seem to come under the duties of that committee.

THOMAS W. FROST,  
ISAAC DAMON,  
EDWARD P. BUTLER,  
*Selectmen of Wayland.*

## REPORT OF TOWN CLERK AND REGISTRAR.

---

WAYLAND, Jan. 1, 1894.

*To the Inhabitants of the Town of Wayland:*

## APPRAISED VALUE OF TOWN PROPERTY.

Real estate . . . . .	\$5,000 00
Personal property . . . . .	1,502 40

We would respectfully recommend an appropriation of twenty-five hundred dollars (\$2,500.00) to pay outstanding claims, and for the support of the poor for the ensuing year.

Respectfully submitted,

DANIEL W. RICKER,  
DAVID P. W. LOKER,  
WILLARD B. WARD,

*Overseers of the Poor of the Town of Wayland.*

## REPORT OF SUPERINTENDENT OF HIGHWAYS.

---

GENTLEMEN : The total amount of appropriations for highways for the past year was two thousand seven hundred and fifty dollars (\$2,750.00), including a special appropriation of two hundred and fifty dollars (\$250.00) for German Hill street, and an appropriation of five hundred dollars (\$500.00), made at a special town meeting held Dec. 22. The total amount expended was two thousand seven hundred and forty-two dollars and seventy-nine cents (\$2,742.79), leaving an unexpended balance of seven dollars and twenty-one cents (\$7.21). The snow bills for the past year were seven hundred and ninety-nine dollars and eighty-eight cents (\$799.88). The guide-boards are in fair condition, and in their proper places. Expended on guide-boards, twelve dollars and eighty-five cents (\$12.85). Itemized bills for the above amounts are on file in the Selectmen's office.

---------	---	-------

Feb. 28.	Cash paid E. W. Marston, labor and materials . . . . .	\$19 41
Feb. 28.	Cash paid W. D. Parlin, labor and materials . . . . .	32 96
		<hr/>
		\$373 46

NOTE. — One hundred and five dollars (\$105) of the maintenance account is for bills contracted before I was appointed superintendent.

Gentlemen, in this my first report as Superintendent of Water Works, I will say that when I was placed in charge of same, I found there was not a tool of any kind to work with. I have purchased what tools I needed.

I found the gate-house in bad repair. Have had the same put in good shape and painted, and have also had the hydrants painted, as they needed it very much. I have also had quite a lot of repairs to make on the works, most important of which was the lowering of main pipes on King street.

The water in reservoir is in poor condition, and is growing worse every year. The cause of same is overflow of water from upper pond. I would recommend that the Town appropriate a sum of money sufficient to carry water of upper pond around lower pond, so that no water from upper pond could flow into the lower pond. The water is used by the following:

Families . . . . .	229
Manufactories . . . . .	7
Public Buildings . . . . .	4
Miscellaneous . . . . .	12
Horses . . . . .	85
Cows . . . . .	78

Respectfully submitted,

HENRY G. DUDLEY,  
*Superintendent.*

WAYLAND, Feb. 28, 1894.

## REPORT OF ENGINEERS OF THE FIRE DEPARTMENT.

---

The Department has responded to three alarms during the year.

April 1. Woods fire (Hammond).

Aug. 31. Mrs. Carroll's house.

Oct. 22. Woods fire (Shaw).

The Engineers have received a request for an extension of the fire-alarm system to Simpson's corner. The large amount of property located on the proposed extension that would be better protected makes it seem to the Engineers that the request should be granted, and for that purpose, and to make some necessary repairs in the present system, we would ask the town to appropriate the sum of two hundred dollars.

The Department is in excellent condition as regards apparatus, buildings, and membership.

RALPH BENT, *Chief,*

E. W. MARSTON,

HENRY B. PHALEN,

*Engineers.*

# REPORT OF SUPERINTENDENT OF NORTH AND CENTRE CEMETERIES.

FROM MARCH 1, 1893, to MARCH 1, 1894.

Appropriated . . . . .	\$50 00	
Unexpended balance of 1892 . . . . .	23 77	
	<u>          </u>	<u>\$73 77</u>

## EXPENDED.

Frank Haynes, labor and lumber on Hearse		
House . . . . .	\$18 98	
To labor, at 20 cents per hour . . . . .	40 39	
Unexpended balance . . . . .	14 40	
	<u>          </u>	<u>\$73 77</u>

## CASH RECEIVED, AND PAID TOWN TREASURER.

Lots . . . . .	\$10 00	
Grass . . . . .	6 00	
Refuse wood . . . . .	3 00	
	<u>          </u>	<u>\$19 00</u>

T. S. SHERMAN,  
*Superintendent.*

# REPORT OF THE LAKEVIEW CEMETERY COMMITTEE.

FOR THE YEAR ENDING FEB. 28, 1894.

Appropriated . . . . .	\$50 00	
Rec. from sale of lots and paid Treas .	35 00	
	<hr/>	\$85 00
Orders drawn :		
No. 1, Wm. C. Neal . . . .	\$14 75	
No. 2, Wm. Parlin . . . .	16 50	
No. 3, W. W. Wight . . . .	35 00	
	<hr/>	66 25
		<hr/>
Balance . . . . .		\$18 75

WM. W. LOVEJOY,  
*Treasurer.*

When the committee took charge of the cemetery, they found the condition of many lots such that it was decided to establish permanent bounds, make a plan, number, and make a record of them. The committee have made a record of six sections, and would have bounded them with stone bounds and numbered each lot, a work that is to be demanded by all future lot-owners. Owing to the appropriation not being large enough, the work could not be done. The committee ask for an appropriation of one hundred and fifty dollars for the ensuing year, that the work may be satisfactorily done, and save life-long differences in regard to ownership.

H. B. PHALEN,  
DAVID P. W. LOKER,  
WM. W. LOVEJOY,  
*Town Committee.*

# REPORT OF THE TREASURER FOR THE YEAR ENDING FEB. 28, 1894.

## ACCOUNT WITH TOWN OF WAYLAND.

1893-4.

Cr.

By Commonwealth of Massachusetts :

Corporation tax . . . .	\$10 35
J. Lamarine, constable fees . .	8 30
L. H. McManus, constable fees .	5 37
Andrew Coolidge, constable fees .	7 46
H. H. Howard, constable fees . .	15 02
County tax paid . . . .	1,490 22
State tax paid . . . .	1,825 00
State and military aid paid . .	1,077 00
Interest paid . . . .	4,776 67
Notes paid . . . .	12,000 00
Water Commissioners' orders paid .	1,006 25
*Selectmen's orders paid . . .	20,335 20

---

Feb. 28.	Balance in Waltham National Bank,	1,813 03
		<u>\$44,369 87</u>

\* The unexpended balances of the appropriations not being sufficient, payment was refused on orders to the amount of \$203.30 "Incidentals," and \$50 "Salaries."

## AUDITOR'S REPORT.

---

Town officers from whom bonds are required have given them, and the same are on file.

Vouchers are on file for all orders drawn on the Treasurer by the Selectmen, and the Treasurer's vouchers agree with all sums expended, and his various accounts are correct.

Books of the Water Commissioner and Treasurer of Sinking Fund, are accurate in all particulars.

Balances shown by reports from other departments, agree with Treasurer's balances, with the exception of a variation of one cent in Supt. of Highways Report, and one dollar and ninety-five cents in financial statement of School Report.

If it were possible to specify one department of the town's business as more important than another, it would seem as if that of the Collector of Taxes might stand first. The report of this department is submitted, as received from the Collector, which, in its totals, agrees with the Treasurer's books. Beyond that it has been impossible to verify figures, as no books or vouchers (though requested) have been furnished, except a book which the Collector receives from the Assessors at the time taxes are levied on which are various marginal entries.

## TRIAL BALANCE.

Schools, balance unexpended . . . .	\$762 13

## REPORT OF COMMITTEE.

One of the greatest glories of our national life is to be found in the public-school system. The bulwark of our nation's strength, in its superior citizenship, is in the compulsory and systematic education of our youth. In no land has there been a more rapid advance in civilization than in ours, and one of the greatest factors in this wonderful progress is the public-schools system of our land. The crowning excellency of this method of instruction is that it is entirely secular, without any religious dictation. Dr. McKenzie, of Cambridge, recently said: "In this country we have no great cathedrals, but we have big school-houses; and big school-houses where characteristic men and women are formed are the grandest of all cathedrals." A good liberal education is a richer bestowment to any child than a large fortune in gold or property.

Let the child be well educated, then, with good health and a fair amount of push, life will be successful. Wayland, according to her wealth, has been quite as liberal in providing for the education of her children as other towns of the same size in the county.

## WAYLAND CENTRE.

The retaining of a district school in Wayland Centre and the Rutter-district school has long since been a questionable policy with the committee. For some years it has been a troublesome problem how to gather these scholars in one building, and let them have the advantage of a good system of grading. Centralization was strongly recommended by the committee in last year's report.

At a special town meeting held June 24, 1893, it was voted: "That R. T. Lombard, H. B. Braman, L. K. Lovell, Edward Carter, and S. M. Thomas be a committee, and instructed to procure plans and specifications for a four-room school-building, to be heated by steam (or by any other sys-

tem which the committee may deem best), the whole expense not to exceed nine thousand dollars, and to report to the next annual town meeting."

In view of this decision, and in consideration of repairs necessary at the two district school-houses, the committee decided to make some changes in the high school building, so as to accommodate all the children except those from the North School. By removing stoves from the other buildings we were able to fix up the first floor and make two very comfortable rooms. By this method the upper room has been very much warmer. This change was not brought about without consulting the parents. In nearly every case there was a hearty approval of the plan, because there was a feeling that it would be greatly to the advantage of their children.

When this general consent was obtained and the plan was deemed a practicable one, the committee carefully considered the matter of principal. It was felt desirable, if possible, not only to have a competent teacher, but also one of experience, who would thus be thoroughly fitted for the position, and one who would probably be willing to stay more than one year. We believe that a woman capable of doing, as efficiently, the same amount of work as a man should receive the same pay; but as long as that is not the rule, we decided to take advantage of the prevailing custom, hoping by this means to avoid an annual and sometimes a semi-annual change. The committee therefore decided to employ an experienced lady principal. Miss Taylor has proved to be very competent for the position. The disciplinary condition of the school has been very satisfactory. All the pupils, from the primary to the high-school students, have been carefully classified, and with the good corps of teachers under the principal's direction, the whole school, under this new departure, has had a very prosperous opening. The arrangement is now so good that when the new school-building is ready for occupancy, everything will be in good order to bring the best possible results.

## NORTH SCHOOL.

The children attending this school are scattered over such a wide territory, and are all of them such a great distance from the centre, that it was found impossible to make arrangements for their transportation to the central building, so the school has been conducted on the old district plan. Miss White, the present teacher, has been very enthusiastic and devoted to her work.

## COCHITUATE SCHOOLS.

The same teachers that were employed at the writing of the last report held their positions till the close of the school year in June. The year closed with good results. There were five graduates from the grammar school. Quite a satisfactory per cent. of scholars from each room received promotion, and in very many cases there was good proof that the scholars had been very thorough in their work.

It is important to cultivate, in all our children, a true spirit of patriotism. One very pleasant feature of our spring term was the day given in commemoration of our fallen heroes. Each teacher provided a separate entertainment. There was an unusually large number of visitors, who went into every room, as it was arranged to have the exercises follow each other. The scholars did great credit to themselves and their teachers. This custom is becoming very widespread in our schools, and we esteem it a very wise one. Too much cannot be done to foster the true spirit of patriotism and especially in the line of honorable remembrance of the brave men who gave their lives for the salvation of their country.

The committee, as usual, had to spend much time during vacation period in looking up new teachers. This year there were more than usual left for new fields. Only two came back at the opening of the school term in September, and one of them was soon taken sick and obliged to give up her school, so that, at the present time, we have only one

teacher in the building that was employed last year. In nearly every case the teachers who left us did so because of offers of larger salaries. Of course teachers are always ready to receive better pay, and we rejoice in the prosperity of teachers on this line; but it makes a great deal of extra work for the committee and is usually harmful to schools. From this cause chiefly we have had twenty-six different teachers during the year.

At the beginning of the present school year it seemed as though there might not be any who desired to pursue high-school studies, so the committee tried to do without an assistant in the principal's room. But as soon as school opened several presented themselves, so that it was soon found to be altogether impracticable to do without an assistant, and after a little delay an excellent teacher was secured; but sickness soon compelled her to leave her work. In a few days a teacher in every way thoroughly adapted for the position was found, who is still doing good service. The committee was very fortunate in securing the services of Mr. Hefflon for the principalship in September. He has held the school in excellent condition, is doing faithful work, and the classes, under his immediate instruction, are making very commendable progress.

Having only six rooms for nine grades besides students in high-school work, we found great difficulty in arranging them so as best to equalize the work of the teachers. The primary classes are always much larger than the higher grades. Because of this fact the scholars of the seventh, eighth, and ninth years' studies must all be in the principal's room. This, with a few high-school students, makes the room full, and, on account of having so many grades, makes the work heavy for two teachers.

As regards the present teachers in the building, we feel it is unnecessary to speak of them separately. We believe that they are all doing their work honestly, and are having admirable success. We would earnestly recommend the

parents to visit the schools where their children are, and see for themselves.

#### LOKERVILLE.

This building is still used as a primary school, principally for those who are not able to walk to the village. It is still in the hands of Mrs. Grace E. Loker, who is giving excellent satisfaction. There is quite an improvement here on all lines.

#### GENERAL REMARKS.

The committee has endeavored to make the course of study as perfect as possible, according to the means in their hands. It has long been felt very desirable to have better music-teaching in our schools; but the great difficulty has been that we were not able to employ a competent music-teacher. The matter being left with each teacher could not be perfectly carried on, as the instruction could not be systematic. An effort is being made to remedy this trouble. The matter of drawing is also under very careful consideration. The committee is also making arrangements for properly graded text-books on physiology.

#### SCHOOL SUPPLIES.

The committee finds that it requires very rigid economy (and sometimes it is a question if it be wise economy) in order to make the appropriation hold out. The time has certainly come when some text-books that are out of date must be replaced. The committee, as far as they had means, have commenced this work, and therefore feel that less money will not suffice. If business were better we should ask for more. The present appropriation only gives about one dollar for each scholar.

The expense of fuel at the present time is a serious consideration. Since the change in the Cochituate building, the coal bill has greatly increased. In order to bring the cost to the lowest possible figure, the committee asked for

bids, with the understanding that the coal was to be weighed on the town scales. Robinson & Jones offered for 25c. a ton less than others, and received the order.

#### APPROPRIATIONS.

We recommend for teachers' salaries, fuel, care of buildings, and transportation of scholars, \$5,700. For school supplies, \$450.

For repairs and new seats, \$200.

JOSEPH CANDLIN,  
LIZZIE E. MITCHEL,  
L. ANNA DUDLEY,  
*School Committee.*

## LIBRARY TRUSTEES' REPORT.

---

The Trustees of the Public Library herewith present their annual report for the year ending Feb. 28, 1894.

On the first of the present year the Library was inspected by the Trustees, and found in commendable condition, as far as the care and duties of the Librarian were concerned.

It has been difficult to warm the library room in the most inclement weather of the winter season for only one day in the week, after the rooms and the books they contain have been thoroughly chilled through the remaining six days.

We have had the present wood-furnace put in complete repair to improve its heating capacity, and the result seems to be but a partial success.

Six years have elapsed since the fourth supplement to the library catalogue was printed, and another should be printed to give the readers the full benefit to be derived from the accessions to the library during that period.

This is a longer time than has elapsed between the issuing of either two of our previous consecutive supplements.

An appropriation for this object is necessary.

For details of our purchases, reference may be made to the Librarian's report and to the list printed in the town reports.

HENRY D. PARMENTER,  
JOHN CONNELLY,  
EMILY A. HEARD,  
ELLEN M. BRAMAN,

History . . . . .	.07	Travels . . . . .	.03

To the foregoing statistics, which give a fairly good account of the Library workings for the year ending Dec. 31, 1893, it is hardly necessary to append any lengthy written statement. While our Library has not done the work which might be expected of it in an unusually intelligent community, it is steadily accomplishing some good work in the generation which is growing up. The schools are hampered in the obtaining of books by the fact that the Library is closed on the days when the schools are in session, but, with a little consultation and a few book-lists of such as are needed, it is certain that broader work could be done, and our deficient departments more speedily filled with books specially useful to the teachers.

The want of a supplement is more keenly felt as each year adds lists attainable only from the tablets, at present crowded with six years' accessions. The perusal of the catalogue at home, at one's leisure, is the only way to insure a decided increase in circulation.

Our magazine literature is gradually assuming substantial proportions. By Mrs. Charles A. Cutting's generous gift of "Harper's Monthly" for six years, and Mrs. Warren G. Roby's valuable contribution of "North American," "Century," and "Scribner's," six years combined, it is essentially strengthened.

The Reading-room has received regularly "The Christian Register," "Rural Home," "Free Russia," "Travellers' Record," "The Tablet," "Home Market Bulletin," "Student's Journal," with "Nations," "New Nations," and agricultural papers from time to time. Magazines and pamphlets have been sent treating of the questions prominent in the minds of people of advanced thought. Still the need of regular reading is very apparent by the absence of constant readers. I have emphasized this want in several reports, and still hope I shall see it acted upon.

The subjects of heating, lighting, and insufficient room are trite subjects, but their conditions work irreparable injury to the welfare of the Library, and to the health and comfort of those who have the charge in trust.

The gift to the Library-room of a bust of Cicero by the late Miss Caroline Reeves is a great addition, but the space on the opposite side of the room is very suggestive, and we hope it will appear so to some other generous and kindly donor. A welcome addition to our coins was a silver florin from Mr. J. S. Abbott. Appended to this statement is a list of the books, in numerical order, added to the Library this year.
